Objective

Dedicated and detail-oriented Java Developer with 3+ years of experience in designing, implementing, and maintaining Java-based applications. Proven expertise in full-stack development, including front-end and back-end technologies. Seeking a challenging position to leverage my Java development skills and contribute to innovative projects.

Professional Experience

JAVA DEVELOPER | CAPGEMINI | NOVEMBER 2020 - PRESENT

· Spearheaded the development of RESTful APIs for a cloud-based application using Java, Spring Boot, and React.Js.
· Collaborated with cross-functional teams to design and implement scalable and performant solutions.
· Led the migration of legacy code to modern Java frameworks, resulting in a 20% improvement in system performance.
· Conducted code reviews, mentored junior developers, and ensured adherence to coding standards.
· Implemented front-end components using React.js to enhance user experience and interactivity.
· Collaborated with QA teams to identify and address software defects, resulting in a 30% reduction in post-release issues.
· Contributed to the design and optimization of database schemas for improved data retrieval efficiency.

Projects

PRECISION DISPATCH SYSTEM

· Contributed to the development of a Java-based PDS system from conception to deployment.
· Utilized Spring Boot for back-end services and React.js for the user interface.
· Implemented role-based access control and integrated third-party APIs for enhanced functionality.

RM&D

· Worked on end-to-end development of web application, from front-end design to back-end implementation.
· Utilized Java, Spring Boot, and Hibernate for back-end services and React.js for the front end.
· Integrated applications with databases, ensuring data consistency and reliability.
· Project was built by a team using Agile Methodology in multiple sprints.
· JUnit test cases were written to test the functionality while deployment.

Education

BACHELOR OF ENGINEERING IN COMPUTER SCIENCE | AUGUST 2016 – JUNE 2020

Rajiv Gandhi Proudyogiki Vishwavidyalaya, Bhopal, MP
CGPA – 8.95/10

Skills

· **Programming Languages** – Java
· **Web Development** – HTML, CSS, JavaScript, React.Js
· **Java Technologies** – Spring Boot, Hibernate
· **Database** – MySQL, Cockroach DB, PostgreSQL
· **Tools and Technologies** – Git, Maven, IntelliJ IDEA, Eclipse
